the core of the Palestinian identity and national struggle. It reflects the aspirations of the Palestinian people for sovereignty and self-determination. The book examines the historical, political, and
multifaceted engagements with what modern Palestinian self-determination entails, Rethinking Statehood sets the terms of debate for the
challenges that face alternative models to it. Giving prominence to a young set of diverse Palestinian scholars, this groundbreaking book shows

how notions of citizenship, sovereignty, and nationhood are being rethought within the broader context of decolonization. Bringing forth critical

theories and empirical evidence, the contributors delve into the complexities of Palestinian statehood and its implications for the contemporary
world. The book is a valuable resource for scholars, students, and policymakers interested in the Palestinian struggle and the
future of the region.
