Opening up a world of magic and adventure, The Library of the Dead by T. L. Huchu is the first book in the Edinburgh Nights series. ‘A fast-moving and entertaining tale, beautifully written’ – Ben Aaronovitch, bestselling author of Rivers of London ‘I highly recommend The Library of the Dead’ – Charlaine Harris, author of the Sookie Stackhouse series When ghosts talk, she will listen . . . Ropa dropped out of school to become a ghosttalker – and she now speaks to Edinburgh’s dead, carrying messages to the living. A girl’s gotta earn a living, and it seems harmless enough. Until, that is, the dead whisper that someone’s bewitching children – leaving them husks, empty of joy and life. It’s on Ropa’s patch, so she feels honour bound to investigate. But what she learns will change her world. She’ll dice with death (not part of her life plan . . .) as she calls on Zimbabwean magic and Scottish pragmatism to hunt down clues. For Edinburgh hides a wealth of secrets. And in the process, she discovers an occult library and some unexpected allies. Yet as shadows lengthen, will the hunter become the hunted? Annals of the Parish
A treasure hunt through Edinburgh gives way to a search for a villain terrorizing the city in the sixth Scottish Bookshop Mystery. It’s a quiet, snowy morning at The Cracked Spine bookshop, when bookseller Delaney Nichols receives a mysterious visitor, a messenger. He presents her with a perplexing note: an invitation to a meeting with eccentric socialite Shelagh O’Conner, who requests Delaney’s participation in an exclusive treasure hunt. Delaney is intrigued, but also cautious: Shelagh, while charming in person, has a reputation for her hijinks as a wealthy young woman in the ’70s. She was even once suspected for the murder of a former boyfriend, though ultimately cleared of all charges. But Delaney is enticed by the grand prize at the end of the treasure hunt: a highly valuable first edition copy of The Strange Case of Dr. Jekyll and Mr. Hyde, by Robert Louis Stevenson. The winner is also to receive the contents of Shelagh's vast library, and all participants will earn a large sum of cash. The night after the first meeting of the treasure hunters, however, several homes in Edinburgh are robbed in a manner reminiscent of Shelagh's old tricks. And when a man connected to Shelagh is killed, suspicion builds. Except Shelagh herself has disappeared from her home, seemingly kidnapped by the villain. Terror mounts throughout the city as Delaney attempts to solve the mystery, while trying to evade the killer's clutches. But it’s hard to know who to trust when around every corner, a new monster could be lurking.

It also addresses sociolinguistic issues such as identity, perception, language planning and the appearance of the language in literature. Each chapter is written by an expert on their topic. The book has been written accessibly with a non-specialist audience in mind. It will have a particular value for those requiring introductions to aspects of the Gaelic language. It will also be of great interest to those who are embarking on research on Gaelic for the first time. Authors include Colm O. Baoill, David Adger, Rob Dunbar, Seosamh Watson, Ken Nilsen, Ken MacKinnon and Ronald Black.
This four-volume edition of Katherine Mansfield's works, assembled by Series Editor Gerri Kimber and her co-editors, brings together, for the first time, everything Mansfield wrote aside from her letters (which have their own edition). Volumes 1 and 2 - the fiction - bring together 220 stories and story fragments, expanding considerably on a previous 'definitive' edition of 85 stories. Arranged chronologically, the reader can trace Mansfield's progress, month by month from her first schoolgirl story in 1898 to her last complete story in July 1922. Volume 3 redefines Mansfield as a critic, translator and poet, by bringing together all of her poetry (almost 200 poems), her literary translations, her witty, sometimes scorching parodies, pastiches and essays, as well as her many incisive reviews of the novels of the day. The collection attests to the enormous variety of her non-fiction output, some of it published here for the first time. Volume 4 - the diaries - resituates Mansfield not just as a short story writer, but also as an observant diarist, chronicler of her times and an erudite reader of English and European literatures. The size of the volume attests to the variety of personal writings, accounts, and reading notes she produced during her lifetime, some of it unpublished until this edition. The material presented
here has been minutely edited for the first time, with precise historical, cultural and biographical contextualisations. Essential contextual perspectives reveal Mansfield's evolution as a writer, and the impact of her era on early drafts of her mature writings. A detailed index facilitates cross-reading and referencing for scholars and general readers alike. Together, all four volumes offer readers the scholarly edition Mansfield's writing so richly deserves.

The Taste of Temptation

"Castle Dangerous" is the last of Walter Scott's "Waverley" cycle of historical novels. The story takes place shortly after the death of William Wallace in the Scottish War of Independence. Basically a romantic tale, the narrative follows a fair lady and her pledge of marriage. With romantic triangles, mysterious identities, battles, and sword duels, "Castle Dangerous" is a satisfying conclusion to Scott's longish tradition of historical novels. Despite being his "swan song", it still remains a pleasant and highly recommendable read. Sir Walter Scott (1771-1832) was a Scottish writer, poet, and historian. A jurist by formation, he was also judge, and an active member of the Highland Society, the Royal Society of Edinburgh and the Society of Antiquaries of Scotland. He also played a major role in bringing the Sturm und Drang literary movement to the United Kingdom, both through translations, but also through his own creations. He wrote numerous well-known historical novels, including "Waverley," "Rob Roy", and "Ivanhoe", which have inspired countless authors ever since.

**University of Edinburgh**

From a small city college in the sixteenth century the University of Edinburgh grew to be one of the world's greatest centres of scholarship, research and learning. Its history is told here by three of its leading historians with wit, verve and style. Copiously illustrated in colour and black and white, this is a book for everyone concerned with the university or the city of Edinburgh to read and enjoy. The authors consider the impacts of Reformation, Union with England, Enlightenment, and scientific and industrial revolutions. They show the university rising to the challenge of competition from Europe, describe the great periods of expansion in the nineteenth and twentieth centuries, and chart the university's building from Old College to George Square. They explore its tense relationship with the city, explore the histories of student outrage and unrest, recall the days when blasphemy could be punished by death, and reveal that the university's department of anatomy once supported a thriving trade in body-snatching. Upheaval and crisis, triumph and achievement succeed each other by turns in a story that is entertaining, intriguing and surprising - and always interesting.

Horror's longstanding reputation as a popular but culturally denigrated genre has been challenged by a new wave of films mixing arthouse minimalism with established genre conventions. Variously dubbed 'elevated horror' and 'post-horror,' films such as The Babadook, It Follows, The Witch, It Comes at Night, Get Out, The Invitation, Hereditary, Midsommar, A Ghost Story, and mother! represent an emerging nexus of taste, politics, and style that has often earned outsized acclaim from critics and populist rejection by wider audiences. Post-Horror is the first full-length study of one of the most important and divisive movements in twenty-first-century horror cinema.

**Edinburgh**

This is a pioneering work, timely, scholarly, and grounded in critical-sociological, anthropological, and philosophical traditions. It offers an empathic analysis of pluralist, Afrocentric, and postmodernist advocacies of multicultural education and multiculturalism, but reveals formidable flaws in their conceptions of gender, race, culture, knowledge, learning, and social change. It is required reading for those desiring a synopsis of the literature on multicultural education and multiculturalism, and an understanding of the disputes among the various schools of thought. The author claims that multiculturalism is *not* a remedy for problems of sexism, racism, and educational underachievement among ethnic minorities. Rather, so questionable is multiculturalism's endorsement of biological classifications, so relativistic and moralistic are its arguments on cultural differences, and so negligent its analysis of human reasoning that it has become a political pawn. Read Against the Multicultural Agenda to discover what is wrong with the multicultural agenda and what is powerfully persuasive about the
alternative--critical thinking.
